

Grassi's healthcare industry advisors take the financial worry out of healthcare providers' daily lives, allowing them to focus on patient care. Our audit, tax and advisory services help practices mitigate risk and develop creative solutions to their most pressing management, financial, regulatory and compliance issues.

Our integrated team of compliance specialists, financial experts, CPAs, clinicians and licensed health professionals assist physicians in designing and implementing strategies to improve the performance, outcomes and overall financial health of their practices.

With offices across the east coast, Grassi serves healthcare providers locally and across the country. Our accounting services include:

- Valuations
- Bookkeeping Services
- Outsourced CFO
- Business Advisory
- Tax Planning & Compliance
- Audits, Reviews & Compilations
