

CAMPUS CONNECTIONS

Summer Internship Program

This past June, we welcomed our newest class of interns to Grassi. Over the course of the eight-week program, they gained hands-on experience in Tax and Audit, worked alongside our professionals, and got a firsthand look at life in public accounting. Beyond the day-to-day work, interns enjoyed networking events, office activities, and Intern Fun Day, giving them the chance to build meaningful connections and create lasting memories across the firm.

Post Busy Season Happy Hour

After busy season deadlines, the Grassi team came together across our offices to reconnect, celebrate, and spend time with colleagues. We are proud of the work we delivered this busy season and grateful for the collaboration that made it possible. As an employee-owned firm, our culture is built on teamwork, shared success, and a commitment to both our clients and one another.

Firm Day 2026

This year's annual Firm Day at the Crescent Beach Club, brought employees from across all our offices and remote locations together for a day of connection, celebration, and fun. The event was filled with teamwork, great food, and memorable moments as we strengthened relationships, celebrated our successes, and recognized the people who make Grassi such a special place to work.

Grassi for Good - DEI (Diversity, Equity & Inclusion)

Grassi has strong programs and initiatives that represent our ongoing commitment to fostering a positive impact and change both internally and in our local communities. Grassi Gives Back, Grassi Diversity, Equity and Inclusion, Grassi Women's Council and the Grassi Working Parents Network & Remote Employee Network are active programs developed to demonstrate our support for our communities and each other.

Here are some noteworthy events we've celebrated these past few months:

- Observation of Juneteenth
- Asian American and Pacific Islander Heritage Month
- Bring your Child to Work Day

Grassi Gives Back

Grassi Gives Back has become one of our favorite traditions, giving employees the opportunity to support causes that are meaningful to them while making a positive impact in our local communities. Throughout the summer, team members volunteered their time with a variety of charitable organizations, working together to give back and make a difference. These experiences reflect the generosity, teamwork, and community spirit that are at the heart of Grassi's culture.

Organizations

- Family Service League
- Helping Hand Rescue
- Long Beach Clean Up

Name: Isabella Cascone

Title/Office: Audit Associate / Jericho, NY

Experience: MBA in Accounting

Advice for the Last Semester of College

As you enter your final semester of college, take advantage of every opportunity to build meaningful connections and experiences that will help shape your future career. While classes and grades remain important, this is also the perfect time to expand your network by connecting with professors, classmates, mentors, and professionals in your field. Finish strong academically, but also focus on developing your technical and communication skills, seeking new experiences, and stepping outside of your comfort zone. At the same time, appreciate this unique stage of life and enjoy these final months of college. Most importantly, remember that you do not need to know everything before starting your career. Enter your first role with curiosity, humility, and a willingness to learn, knowing that growth comes through experience, not perfection.

Post-Graduation Advice

While the transition from college to the working world can feel overwhelming at times, it is also an exciting opportunity to learn, grow, and discover what you're capable of. There will be days when you don't know the answer, make mistakes, or need to ask the same question more than once, but that doesn't mean you're falling behind, it means you're learning. The professionals who succeed are not necessarily the ones who know everything from day one, but the ones who are driven, dependable, and willing to learn from those around them. Be someone others can rely on, approach challenges with a positive attitude, and take advantage of opportunities to learn from your colleagues and mentors. The foundation you build early in your career through both your experiences and the relationships you develop, will continue to shape your professional journey, and in the long run, people will remember your work ethic, dependability, and character far more than the grades you earned in college.
